RAYMOND S. REGOSO

SUMMARY

I am a Junior Software/Web Developer with hands-on experience in both front-end and back-end technologies, including HTML, CSS, JavaScript, React.js, MySQL, Python, and Django. I recently completed the Zuitt Web Developer Program, along with a short course in C# and ASP.NET. I am passionate about building responsive, user-friendly web and Windows applications. I have experience using tools such as Visual Studio, SQL Server LocalDB, and Git for version control. A fast learner with strong problem-solving skills, I am eager to contribute to dynamic and innovative development projects.

SKILLS

- Installing Computer Hardware and Software (desktop and laptop)
- Installing Internet and Networking Connections
- Microsoft Office (Word, Excel, PowerPoint and Access)
- AutoCAD, Graphics Designer, (Photoshop, CAD)
- System Management and Administration (Windows Server)
- MySQL
- HTML5+CSS3
- BootStrap 4/5
- JavaScript

WORK EXPERIENCE

YOKOHAMA TIRE PHILIPPINES INC.
TEST TIRE ENGINEER
March 9, 2007- January 11, 2023

- Implemented the **Test Tire Group UF and DB Downloader**, enabling efficient retrieval of machine records, contributing to improved data analysis for testing processes. *(2017)*
- Spearheaded the development of **Yokohama Search Tools** to streamline the search and tracking of accessories and tools needed in new test tire production, optimizing the manufacturing process. *(2018)*
- Developed and implemented the **Initial Production Record System** using Microsoft Access and Visual Basic code, streamlining the recording and monitoring of initial production tire data. Integrated with YRC database for real-time updates. Introduced PPCC monitoring and picture attachment capabilities, enhancing quality control. *(2019)*
- Supervised the production of test tires, scheduling test tire production and the inspection of newly delivered molds based on standard criteria.

ROCKSOLID MARKETING
Computer Technician and Salesman 2005-2006

CORREGIDOR PEACE INSTITUTE BUSINESS CENTER
Computer Maintenance / Technician 2003-2005

PROJECT EXPERIENCE

- **FlynnTech Computer Store POS:**
  Windows Desktop Application | C#, .NET, SQL Server LocalDB
  An ongoing POS system project for a computer retail store, developed using Visual Studio 2022. Key features include inventory and warranty management, multi-level pricing, user authentication for admin and staff, and sales tracking with graphical reports. Data is managed locally using SQL Server LocalDB.

- **Test Tire Group UF and DB Downloader**: Implemented a tool using Microsoft Access and Visual Basic code for the efficient retrieval of machine records, contributing to improved data analysis in testing processes.

- **YOKOHAMA Search Tools:** Spearheaded the development of a search tool using Microsoft Access and Visual Basic code, streamlining the search and tracking of accessories and tools needed in new test tire production. https://github.com/raymondregoso/SearchTools

- **Initial Production Record System**: Developed a Microsoft Access and Visual Basic code-based system for recording and monitoring initial production tire data. Integrated with YRC database for real-time updates, introduced PPCC monitoring, and enabled picture attachments for quality control.
  https://github.com/raymondregoso/InitialProductionRecordSystem

- **My Portfolio:** Designed and developed a static responsive website using HTML5, CSS3, Bootstrap, and Git for version control, hosted on GitHub. https://raymondregoso.github.io/web-dev-portfolio/

- **Wedding Memories:** Crafted a personal project to encapsulate the beautiful journey of our wedding and the five years of shared memories. Developed an interactive website using HTML, CSS, and JavaScript to

OTHER SKILLS

Programming and Web Development

- **Front End Web Development**: HTML5, CSS3, Bootstrap, Wireframes and Mockups, Git and GitHub, Vercel
- **Back End Development**: JavaScript, Python, Node.js, Express.js, MongoDB, Postman, REST API, C#
- **Full Stack Development**: React.js, Django, JS DOM Manipulation and API Integration with Fetch, ASP.NET
- **Amazon Web Services**: EC2, S3, API Gateway, Lambda, DynamoDB, AWS Managed Services using SNS, SQS and SES.

create a visually engaging platform for reliving and celebrating cherished moments. https://raymondregoso.github.io/mywed042719/

- **MonLexi Gadgets:** Developed a React-based web application with API integration and responsive design, utilizing modern JavaScript techniques and DOM manipulation. https://csp3-regoso-ie0vlusvz-raymonds-projects-76f0cfe9.vercel.app/

CERTIFICATIONS

Microsoft Certified
MTA (Microsoft Technology Associate)
Windows Operating System Fundamentals (89% grade) certificate score
Date of Achievement: October 27, 2014
Certification Number: F038-7858
Networking Fundamentals (90% grade) certificate score
Date of Achievement: March 16, 2016
Certification Number: F624-1970
Microsoft Certification ID: 11301171
CCNA (Cisco Networking Academy) Certificate of Course Completion
Date of Completion: 2016
User ID 015234151
Academy Connection ID 35344159

Certificate of Appreciation
Tire Production System Improvement (*Theme: Plant Utilization Improvement)* Yokohama Tire Philippines Inc. December 23, 2016
Completion of Training and Workshop on Problem-Solving Methodologies
Yokohama Tire Philippines Inc. December 16, 2010 and January 6, 2011

Certificate of Completion - *click here*
Main Course Package (MERN) - Full-stack Web Development
I.T Coding Bootcamp of Zuitt Learning Institute Incorporated
Sept 4, 2023 to Dec 20, 2023.
Amazon Web Services: EC2 and S3 *Certificate of Completion link*
Serverless, API Gateway, Lambda, and DynamoDB *Certificate of Completion link*
AWS Managed Services, AWS SNS, SQS and SES *Certificate of Completion link*
May 20, 2024 – June 7, 2024
MySQL : *Certificate of Completion link*
Python : *Certificate of Completion link*
Django : *Certificate of Completion link*

EDUCATION

ZUITT WEB DEVELOPER PROGRAM
Main Course Package (MERN) - Full-stack Web Development
September 04 - January 11, 2024
Amazon Web Services (AWS) - *completed*
May 20, 2024 – June 7, 2024
MySQL, Python & Django – *completed*
June 10, 2024 – June 28, 2024
C# & ASP.NET – *completed*
June 09, 2025 – June 21, 2025

SYSTEMS PLUS COLLEGE FOUNDATION
June 2012 - April 2016
Graduate of Bachelor of Science in Information Technology

June 2002 - April 2004
Graduate of 2 years Associate of Computer Engineering
