# Raymond S. Regoso

raymondregoso@gmail.com +639394952991 https://www.linkedin.com/in/raymond-regoso/ https://raymondregoso.github.io/web-dev-portfolio/

## Skills Summary

Programming and Web Development

- Front End Web Development: HTML5, CSS3, Bootstrap, Wireframes and Mockups, Git and GitHub, Vercel
- Back End Development: JavaScript, Node.js, Express.js, MongoDB, Postman, REST API, Microsoft Access, Visual Basic and MySQL
- Full Stack Development: React.js, JS DOM Manipulation, API Integration with Fetch, SDLC and Trello

## **Work Experience**

#### **Test Tire Engineer**

#### Yokohama Tire Philippines Inc.

2007-2023

- Implemented the Test Tire Group UF and DB Downloader, enabling efficient retrieval of machine records, contributing to improved data analysis for testing processes. (2017)
- Spearheaded the development of **Yokohama Search Tools** to streamline the search and tracking of accessories and tools needed in new test tire production, optimizing the manufacturing process. (2018)
- Developed and implemented the Initial Production Record System using Microsoft Access and Visual Basic code, streamlining the recording and monitoring of initial production tire data. Integrated with YRC database for real-time updates. Introduced PPCC monitoring and picture attachment capabilities, enhancing quality control. (2019)
- Supervised the production of test tires, scheduling test tire production and the inspection of newly delivered molds based on standard criteria.

#### **Computer Technician and Salesman**

#### **Rocksolid Marketing**

2005-2006

- Promoted and sell biometric solution to prospective clients.
- Conducted product demonstrations and training sessions for clients.

## Computer Technician and Phone Operator Corregidor Peace Institute Business Center 2003-2005

- Assisted customers in navigating our calling services and provide guidance on international dialing procedures.
- Fixed computers and maintaining internet and network connection.

#### Education

#### **Zuitt Web Developer Program**

Main Course Package (MERN) - Full-stack Web Development September 4, 2023 – January 11, 2024

#### **Bachelor of Science in Information Technology**

Systems Plus College Foundation 2012-2016

## **Associate of Computer Engineering**

Systems Plus College Foundation 2002-2004

## **Project Experience**

 Test Tire Group UF and DB Downloader: Implemented a tool using Microsoft Access and Visual Basic code for the efficient retrieval of machine records, contributing to improved data analysis in testing processes. https://github.com/raymondregoso/TestTireUFandDBDownloader

- YOKOHAMA Search Tools: Spearheaded the development of a search tool using Microsoft Access and Visual Basic code, streamlining the search and tracking of accessories and tools needed in new test tire production. https://github.com/raymondregoso/SearchTools
- Initial Production Record System: Developed a Microsoft Access and Visual Basic code-based system for recording and monitoring initial production tire data. Integrated with YRC database for real-time updates, introduced PPCC monitoring, and enabled picture attachments for quality control. <a href="https://github.com/raymondregoso/InitialProductionRecordSystem">https://github.com/raymondregoso/InitialProductionRecordSystem</a>
- My Portfolio: Designed and developed a static responsive website using HTML5, CSS3, Bootstrap, and Git for version control, hosted on GitHub. <a href="https://raymondregoso.github.io/web-developer-portfolio/">https://raymondregoso.github.io/web-developer-portfolio/</a>
- Wedding Memories: Crafted a personal project to encapsulate the beautiful journey of our wedding and the five
  years of shared memories. Developed an interactive website using HTML, CSS, and JavaScript to create a
  visually engaging platform for reliving and celebrating cherished moments.
  https://raymondregoso.github.io/mywed042719/
- E-commerce (Capstone 2 Project): Created a suite of projects including a Pokémon game using JavaScript, a booking system and e-commerce. http://ec2-3-15-94-47.us-east-2.compute.amazonaws.com/b6
- MonLexi Gadgets (Capstone 3 Project): Developed a React-based web application with API integration and responsive design, utilizing modern JavaScript techniques and DOM manipulation. <a href="http://zuitt-bootcamp-prod-322-5872-regoso.s3-website.us-east-1.amazonaws.com/">http://zuitt-bootcamp-prod-322-5872-regoso.s3-website.us-east-1.amazonaws.com/</a>

#### Additional Skills

- Proficient in Microsoft Office Suite
- Strong problem-solving and analytical skills
- Good in communication and interpersonal skills
- Installing Computer Hardware and Software
- Installing Internet and Network Connections
- Knowledge in AutoCAD, 3DMax and Photoshop.
- Fixing Computers and all kind of printers
- System Management and Administrator (Windows Server)
- Knowledge in MySQL and Microsoft Access

## Certifications

#### Microsoft Certified - MTA (Microsoft Technology Associate)

Windows Operating System Fundamentals (89% grade)

Date of Achievement: October 27, 2014

Certification Number: F038-7858

Networking Fundamentals (90% grade)

Date of Achievement: March 16, 2016 Certification Number: F624-1970 Microsoft Certification ID: 11301171

CCNA (Cisco Networking Academy) Certificate of Course Completion

Date of Completion: 2016

Certificate of Appreciation

Tire Production System Improvement (Theme: Plant Utilization Improvement)

Yokohama Tire Philippines Inc.

December 23, 2016

Completion of Training and Workshop on Problem-Solving Methodologies

Yokohama Tire Philippines Inc.

December 16, 2010 and January 6, 2011
